*Central College Limerick has the most hard working, patient, dedicated and involved teachers you will ever find. I studied Business and Legal Studies. Our teachers dedicated their time to each one of my classmates to go through every one of our assignments individually to make sure we were reaching our full potential and guide us towards a better grade. I got 8 distinctions from all of my exams which I am absolutely delighted with. I got my first choice in the CAO this time and went off to study Law Pathways in University College Cork which two years ago would never have seemed possible. I can't say enough good things about CCL and their staff. Their encouragement throughout the year meant everything and I wouldn't be where I am today without their support.*

Hello, my name is Sammy Fox, I am 28 years old. I studied in CCL for 2 years, in which I achieved my QQI Level 5 and 6 in Early Childcare. I thoroughly enjoyed my experience in CCL during my 2 years studying there. The help and support from all the tutors was spectacular. They were always there to help and support myself and my fellow classmates. I really enjoyed the course as I had a great interest in every module and working with children between the ages of 0-6. Since graduating from CCL I have a full-time job as a room leader in a crèche. If it wasn't for CCL and carrying out my work experience in this crèche, I would not have a full time job here. So I thank CCL for this opportunity.

# Early Childhood Care & Education

Programme Code: 6M2007

Duration: 1 Year

QQI LEVEL

6

## PROGRAMME OVERVIEW

This programme is offered to learners who have completed a Major Award in Early Childhood Care and Education at QQI Level 5. The purpose of this award is to enable the learner to acquire the knowledge, skill and competence to work as an autonomous practitioner to lead and coordinate the provision of a quality early childhood care and education environment which promotes children's well-being, development and learning.

## TYPICAL COURSE CONTENT

Modules offered include the following:

- Child Development
- Early Childhood Curriculum
- Childhood Social Legal and Health Studies
- Special Needs Assisting
- Early Childhood Literacy and Numeracy
- Child Psychology
- Communications
- Work Experience

*\* Some of these modules may be subject to change*

## FEES

Administration Charge: €165

QQI Exam Fee: €80\*

*\*Exempt if you are the holder of a valid Medical Card*

## ENTRY REQUIREMENTS:

QQI Level 5 Major Award in Early Childhood Care and Education

## EMPLOYMENT/PROGRESSION OPPORTUNITIES

Graduates from this Award may gain employment in the following areas:

- Crèches
- Playgroups
- Preschools
- Special Needs Assistants

Graduates can also progress to Degree programmes in Higher Education Institutions. Students who gain all distinctions may be eligible to apply, for example, to Year 2 of the BA in Early Childhood Care and Education (Mary Immaculate College) and/or Early Childhood Studies (University College Cork).

*I started my journey in Central College Limerick (CCL) just over two years ago. I began the Level 5 Early Childhood Care and Education course and continued into Level 6, CCL has given me a strong foundation in the childcare sector which motivated me to continue my studies in Mary Immaculate College where I am currently studying the Level 8 Degree in Early Childhood Care and Education. Because I did Level 5 & 6 in ECCE I was able to go straight into the second year of the course in Mary Immaculate. This was based on an interview and a short written exam. I was well prepared due to all the course work that we had covered in CCL. For future students I would highly recommend continuing onto Mary Immaculate College, as you don't feel thrown into the deep end. It has given me more opportunities and options to work within the childcare sector. This was only possible due to the time, effort and preparation from the tutors. I would like to thank them for all they have done.*

# Special Needs Assisting

Programme Code: 5M4468

Duration: 1 Year

QQI LEVEL

5

## PROGRAMME OVERVIEW

Students of this course will acquire the knowledge, empathy, and understanding crucial to the role of a Special Needs Assistant. We use a variety of teaching methodologies on this programme in order to create an environment for all types of learners to succeed. We believe that real-life learning opportunities, which allow you to learn outside of the classroom are invaluable in preparing you for your career as an SNA. Our college has a direct link with Coláiste Nano Nagle secondary school on site, which allows our students to get hands-on experience in the role of an SNA.

## TYPICAL COURSE CONTENT

Modules offered include the following:

- Special Needs Assisting
- Early Childhood Education
- Human Growth and Development
- Care Support
- Communications
- Intellectual Disability Studies
- Care of the Older Person
- Social Studies
- Work Experience

*\* Some of these modules may be subject to change*

## FEES

Administration Charge: €165

QQI Exam Fee: €50\*

*\*Exempt if you are the holder of a valid Medical Card*

## EMPLOYMENT/PROGRESSION OPPORTUNITIES

Graduates from this programme can gain employment in the following areas:

- SNA in an Educational Setting
- Work in a Childcare/Social Setting
- Progression to Level 6 Special Needs Assistant Courses

*I studied Special Needs Assisting in the 2021/2022 academic year. I could not recommend CCL enough. The tutors made me feel so welcome and were always available to help with any difficulties and queries I had. I was encouraged and guided at all times in order to achieve the best results possible.*

*My tutors were always there to provide me with positive feedback on all my assignments. This year was a bit different due to Covid-19 and all the teaching and learning was carried out remotely. However, I did not find that online learning hindered my learning experience. If anything, it made me feel like I had a better connection with my tutors. We used the Microsoft Office 365 learning platform, which allowed me to contact my tutors on Teams with any questions I had. Teams also allowed me to get a great level of feedback on my assignments and all learning material that was used in class was online, which allowed me to recap and revise at my own pace. We were also able to view and record videos for any skills demonstrations and assignments which was extremely beneficial for our learning.*

*I thoroughly enjoyed my experience in Central College Limerick. The course introduced me to new life experiences, and I feel the knowledge and skills I have gained have definitely made me more employable.*

*I would highly recommend CCL to anybody who is thinking of completing a further education course for the coming year.*

## DESTINATION OF PAST GRADUATES

- General Nursing
- Intellectual Disability Nursing
- Midwifery
- Psychiatric Nursing

Various Institutes of Technology, Universities in Ireland and the UK.

*I attended Central College Limerick in September 2018. I did the Pre Nursing course. From this course I gained a lot of knowledge and work experience in the line of Nursing. I couldn't recommend this college enough as the tutors are more than helpful and were willing to assist me all the way. This course in CCL has been very successful for me as I got offered Nursing in Napier University Edinburgh, Stirling University Scotland and University College Cork. I'm currently studying Nursing in UCC and couldn't be happier. I got offered my first choice on my CAO in the first round offers. Advice I'd give to current students doing the Pre Nursing course is to work hard, keep on top of your assignments and make the most of your work experience.*

*I returned to education as a mature student in Central College Limerick in 2018. This was a hugely positive experience for me and prepared me for the changing demands of the work environment. I shared class with a diverse group of students, all eager to learn with a shared interest in Social Studies/Community Development. My greatest enjoyment was learning about the cultures and experiences of my classmates both in role play and presentations. I found that tutors were supportive and focused on helping us achieve to the best of our ability. Feedback allowed us insight into personal performance. Classes were interesting and engaging in a relaxed environment. I gained in computer and writing skills and confidence in public speaking. I met some great people and made many friendships. My Level 6 qualification now allows me to apply for jobs in my chosen area of Community Development.*
